HIGH QUALITY CANDLES

A LIVING TRADITION

Nothing can quite equal the captivating atmosphere of candlelight.

It creates a sense of occasion and joy, and a spiritual aura. Skånska Stearinljusfabriken is a family company that has preserved the traditions of candlelight for three generations. We manufacture quality candles in 100% stearine and are Purveyor to the Swedish Royal Court. Our Vita range of stearine candles is of the same high quality as that reserved for Royalty and the Church.
